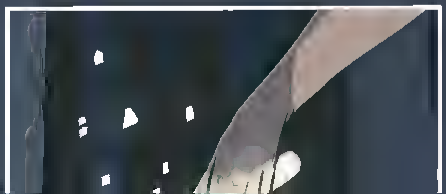
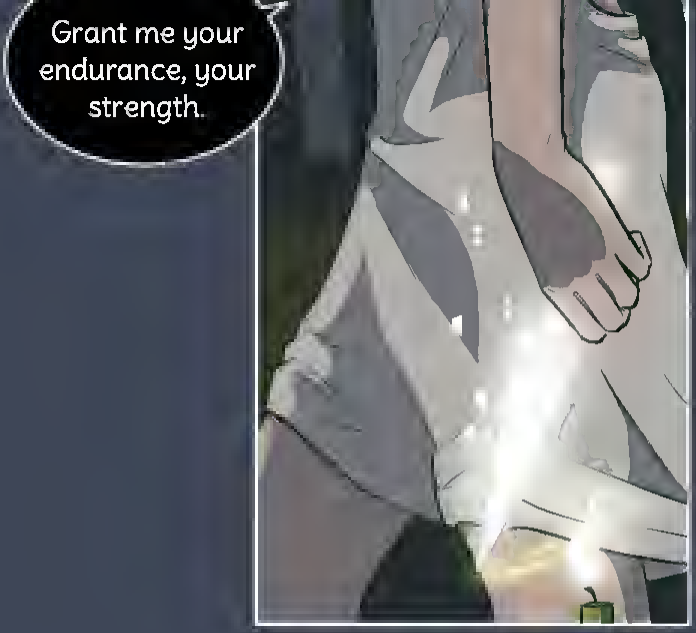
Shard
Megan Stevenson
Episode 12

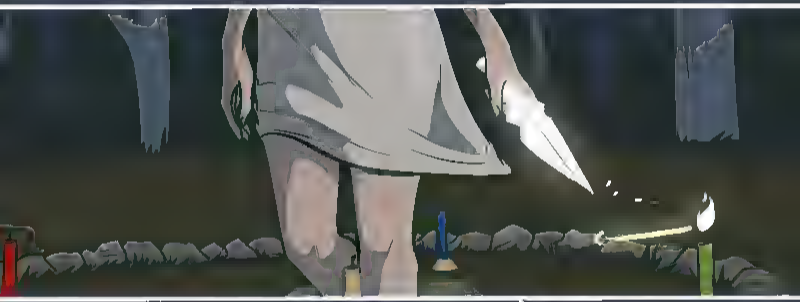


I call to the North,
the element of Earth.



Grant me your endurance, your strength.

I call to the East, the element of Air.

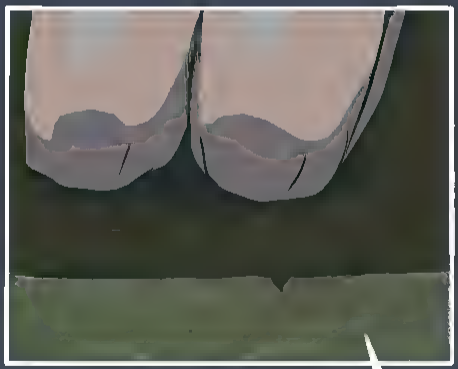


Grant me your creativity, your intuition.

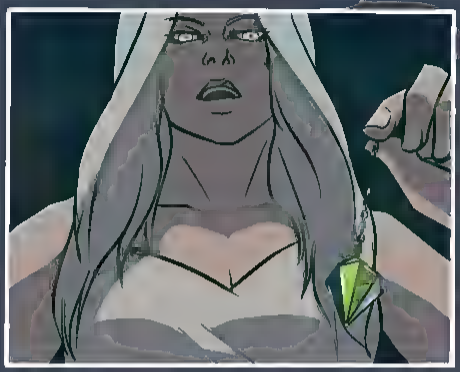
I call to the South, the element of Fire.

Grant me your passion, your energy.
I call to the West, the element of Water.

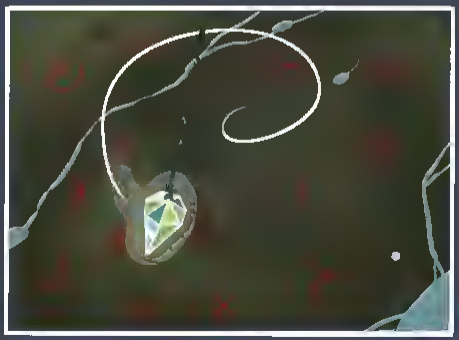
Grant me your empathy, your emotion.



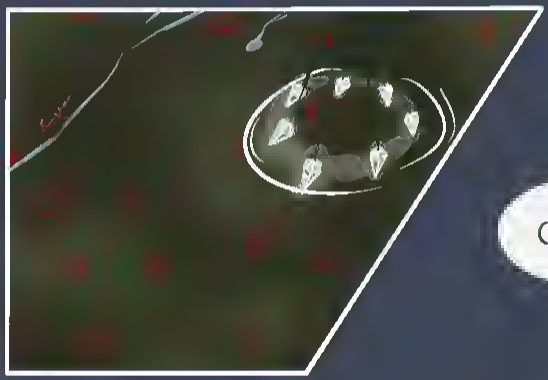
Now...



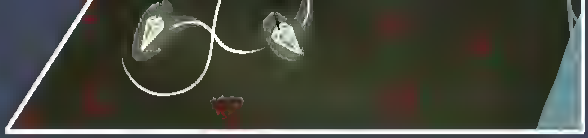
Where are you, you bastard?



Anti-clockwise?

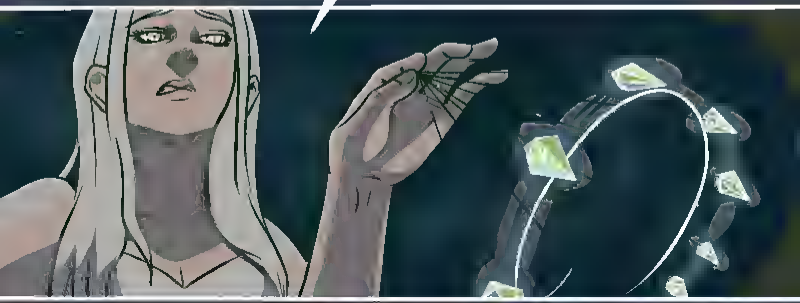


Ok, ok...

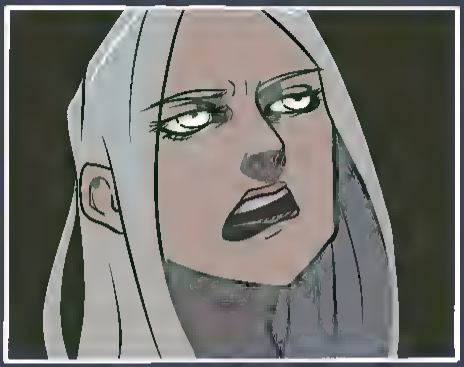


Over here...?

Wha - ??

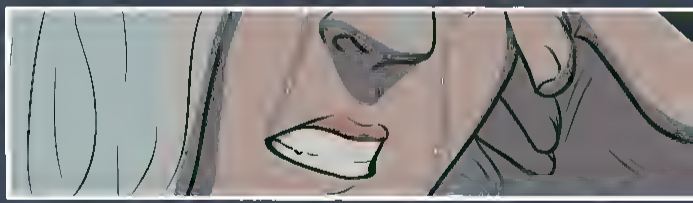


Forget it.

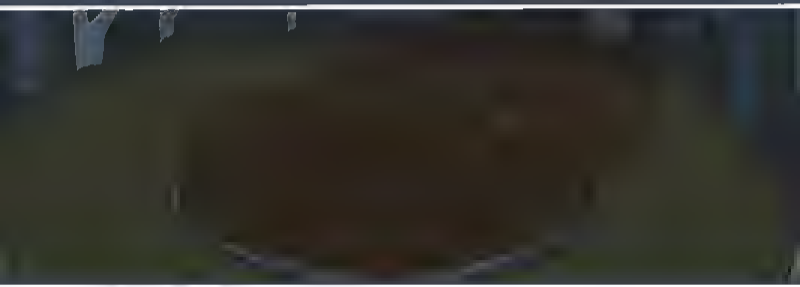


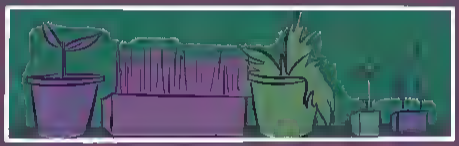
This is hopeless

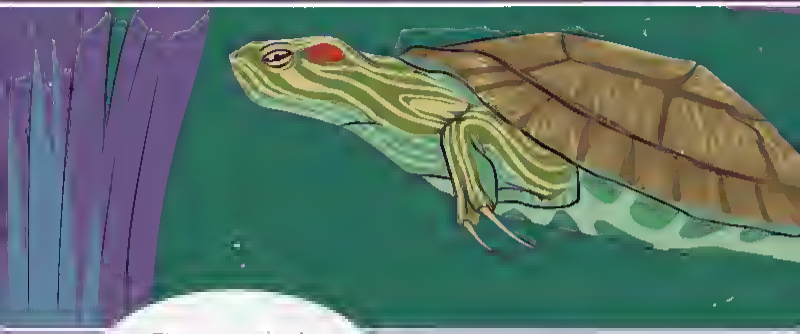
This is just...



...so fucking hopeless...





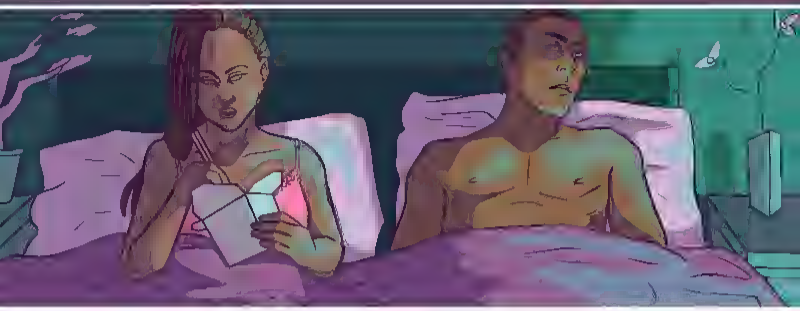


I'm worried about her, man.

She's been hiding for like a week from her ...family.

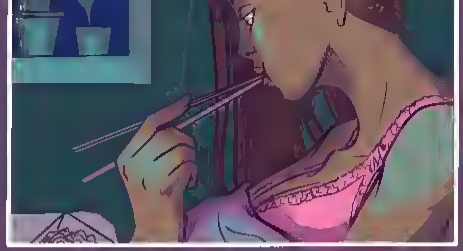
I'd seen her around before, then one day she wondered into my shop

asking for help.



So I helped her

I'm just afriad she's getting herself back into something she really doesn't need to



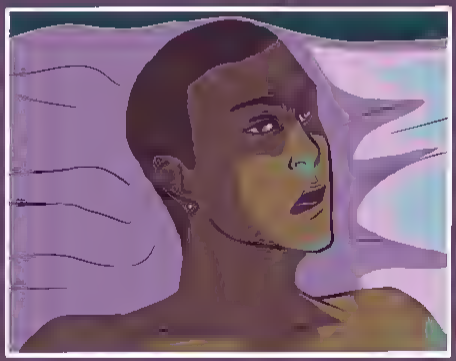
Her life was pretty set

Until she met

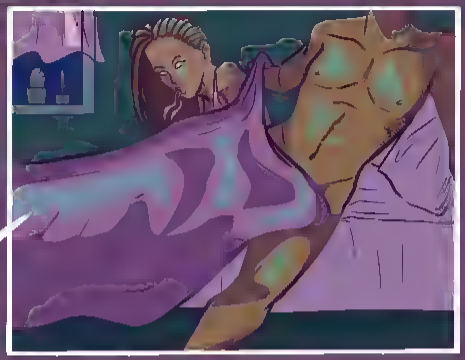
someone and they ruined it for her.

Other people ruining things, huh?

I know all about that



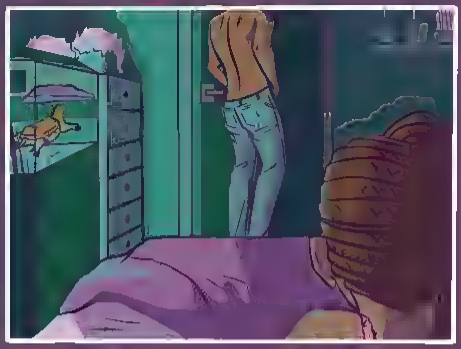
I better get going



Already?

Thanks for letting me chill here a bit

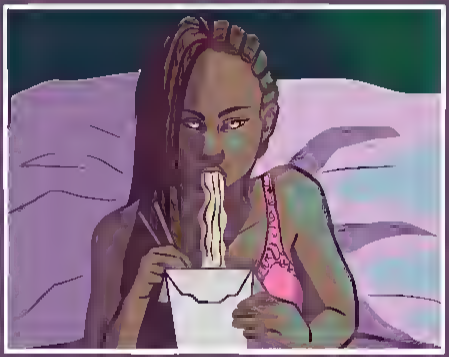
I just didn't wanna go home yet



No prob, man.
Don't be a stranger!

closer

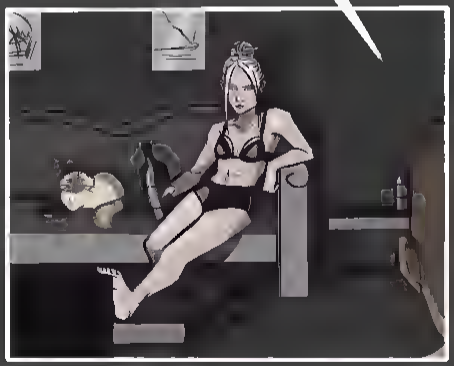
judging

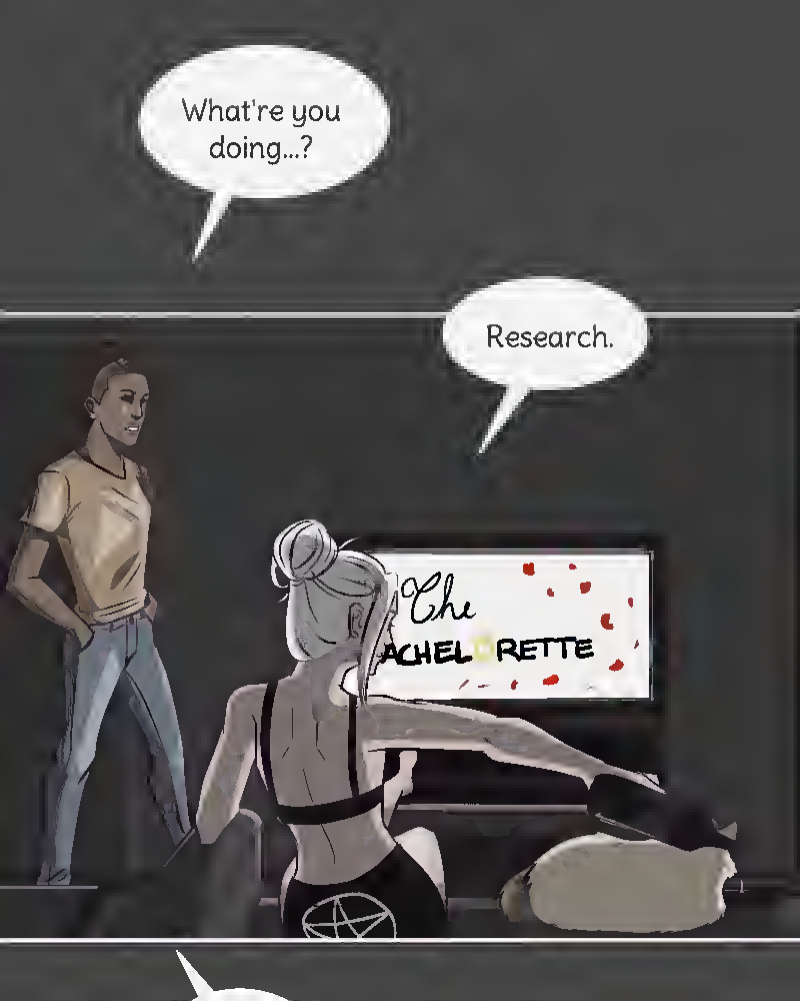


...What?

Uh, hey...

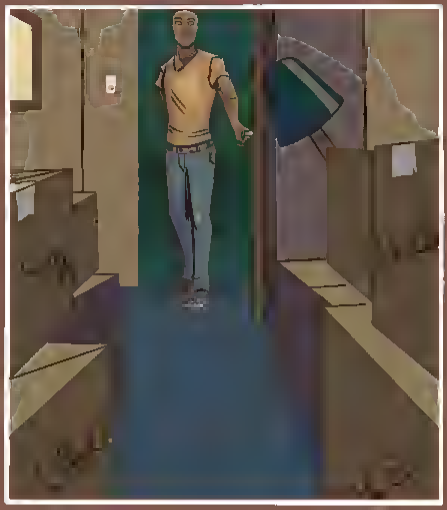
'Sup?

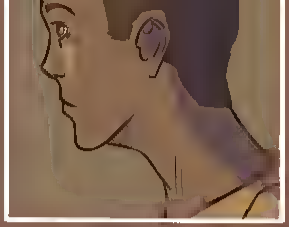


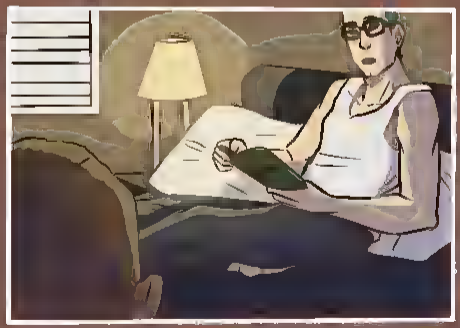


What're you doing...?
Research.
The
ACHEL RETTE

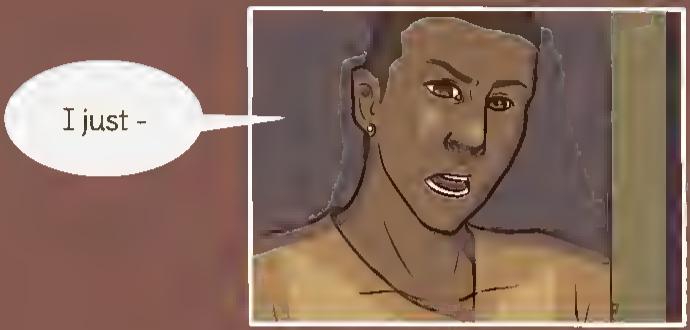
...Ok.
See ya.



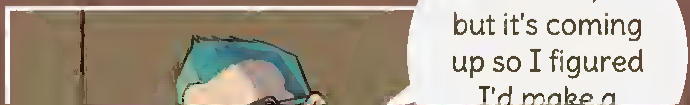


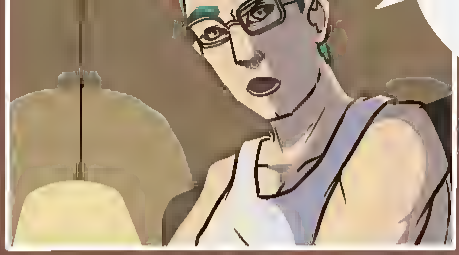


Hey man, what's up?



I thought you weren't moving out till after the wedding?



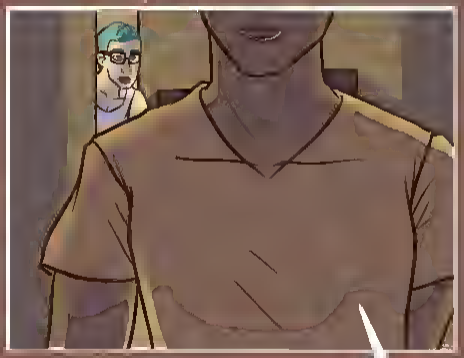


Why, do you -

It's cool man, just checking.

WAIT -

Did you... have a good night?



...Sure.
